CHARGING

Insert the USB cable to the charging port at the bottom of the Pulse X. The charger indicator will light up red.

The toothbrush charges whenever it is placed in the charger.

The indicator light will change to green when fully charged.

Charging time is about 4 hours.

BRUSHING STRENGTHS

The Pulse X offers three different strengths for varying oral care needs:

Soft - For sensitive teeth and gums, brushing your teeth in gentle frequency.

Medium - Switching continuously and fast and whitening teeth.

Strong - Brush head swing in high frequency, remove tartar and bacteria on teeth.

HOW TO USE

1.Place the brush head firmly onto the toothbrush shaft. There is a small space between the brush and the main unit. This is normal and is necessary for the head to vibrate properly.

4

2.Place the toothpaste on the head and wet it.
3.Place the toothbrush in your mouth. Turn the brush on.

4.Guide the brush head slowly from tooth to tooth, the Pulse X will stop for a while each 30s for changing brushing area. After 2 minutes, Pulse X stop automatically.

HOW TO SWITCH BETWEEN BRUSHING STRENGTHS

1. Power on/off and strength button. Pressing this button within 5s, the operating sequence is power on, in soft, medium, strong, and power off.

2. Press the button after use any mode over 5s, device power off.

CLEANING RECOMMENDATIONS

After brushing, rinse your brush head thoroughly under running water.

Remove the brush head from the handle and clean both parts separately under running water. Then wipe them dry before you put the handle onto the charging unit.

Before cleaning your charging unit, make sure

5

you unplug the adapter. Only use a dry or damp-dry cloth to wipe the surface of the charging unit.

Place the charging unit onto a dry and safe place.

Do not plug in the charging unit until it is completely dry.

DISPOSAL

Important: do not clean the charging unit under running water or immerse it in water. Place the charging station on dry and safe place. This product contains a rechargeable battery. In the interest of protection the environment, please do not dispose of the product in the household waste at the end of its useful life. Disposable can take place at appropriate collection points provided in your country.
